Lot	VIN	Year	Make	Model	Color	Miles	Description
101	N/A	1928	Dodge	Victory 6	Rust	N/A	Rough condition, but most of the panels are there and straight. Would be good to restore or make a rat-rod out of it. The original straight 6 is there.
102	168376A133453	1966	Chevrolet	Impala SS		13118	True Impala SS according to the VIN. Would make a great candidate for a full restoration since it is NOT a clone. Rough as is, but has good sheet metal.
103	N/A	1928	Dodge	4 cyl	Rust	N/A	Chassis with wooden wheels. Original 4 cylinder is there.
104	160K12348	1960	Pontiac	Catalina	Red	65198	Cragger wheels, newer battery is in the engine bay. This looks like it might have run recently. We have not attempted to charge the battery or turn it over. Tires were holding air when we came on site.
105	CF53199		Triumph	TR6	Green	29372	Rough interior. Many extra parts come with it as seen, but they might not go to this car. Body panels look good. This was stored inside for many years
106	cannot locate	1969	Ford	Thunderbird	Blue	79386	Super clean car, stored inside. Paint looks to be original. This car most likely ran recently. We have not attempted to run it.
107	N/A		Triumph	TR6	Chassis	N/A	This is a chassis only, comes as is with what you see.
108	678P175538	1965	Pontiac	Catalina Convertible	Rust	N/A	Rough car, but hard to find model. Comes as you see it, but body panels look straight and frame is solid.
109	700HL23DSC	1956	Ford	Fairlane	Primer	11904	Additional serial number, possibly body number. PGLT155585 Body is in good condition. You can tell some repairs had been made to the sheet metal. Interior is full of extra parts, some of which may not belong to this unit. Good base for rebuilding a classic.
